This is a great product! I researched for months and months, and finally decided to go with the 3900 series. While, if I were to do it again, I'd get the 3975, just because it's bluetooth enabled, but it'll be another year or so before bluetooth is used widely enough to justify the extra hundred bucks.

HP-UX operating systems supports a variety of PA-RISC systems. The 11.0 added support for Integrity-based servers for the transition from PA-RISC to Itanium. HP-UX 11i v1.5 is the first version that supported Itanium. On the introduction of HP-UX 11i v2 the operating system supported both of these architectures.
