Community Inclusion Manual 3 Acknowledgements This manual is a result of the collaborative efforts of Devereux Pennsylvania and Eastern Region ASERT at Lehigh University.

### **Community Inclusion for Adults with Autism**

Autism is a developmental disorder characterized by troubles with social interaction and communication, and by restricted and repetitive behavior. Parents usually notice signs in the first two or three years of their child's life. These signs often develop gradually, though some children with autism reach their developmental milestones at a normal pace and then worsen.

Laminate these and take them with you on-the-go, or put them up at home (e.g., put the hand-washing schedule over your bathroom sink). To teach your child to learn these skills and achieve independence, point to the next step to help your child learn to visually reference the schedule (you may choose to do this silently to cue them to the visual).
