Higher education includes teaching, research, exacting applied work (e.g. in medical schools and dental schools), and social services activities of universities. Within the realm of teaching, it includes both the undergraduate level, and beyond that, graduate-level (or postgraduate level). The latter level of education is often referred to as graduate school, especially in North America.

As states prepare their budgets for the coming year, they face the challenge of reinvesting in public higher education systems after years of damaging cuts — the product of both the economic downturn and states'™ reluctance to raise additional revenues. In the past five years, state cuts to higher education funding have been severe and almost universal.
