

### **history of music theory pdf**

Music history, sometimes called historical musicology, is the highly diverse subfield of the broader discipline of musicology that studies music from a historical viewpoint. In theory, "music history" could refer to the study of the history of any type or genre of music (e.g., the history of Indian music or the history of rock). In practice, these research topics are often categorized as part ...

Music is found in every known culture, past and present, varying widely between times and places. Since all people of the world, including the most isolated tribal groups, have a form of music, it may be concluded that music is likely to have been present in the ancestral population prior to the dispersal of humans around the world.
