

household and family religion pdf

A household deity is a deity or spirit that protects the home, looking after the entire household or certain key members. It has been a common belief in pagan religions as well as in folklore across many parts of the world.. Household deities fit into two types; firstly, a specific deity - typically a goddess - often referred to as a hearth goddess or domestic goddess who is associated with ...

Household deity - Wikipedia

Household income is an economic measure that can be applied to one household, or aggregated across a large group such as a county, city, or the whole country. It is commonly used by the United States government and private institutions to describe a household's economic status or to track economic trends in the US.
