

smart energy solutions philadelphia pdf

A smart meter is an electronic device that records consumption of electric energy and communicates the information to the electricity supplier for monitoring and billing. Smart meters typically record energy hourly or more frequently, and report at least daily. Smart meters enable two-way communication between the meter and the central system.

Smart meter - Wikipedia

Ontario Ombudsman Andre Marin said Hydro One's collection practices have been "cruel". Marin said the utility has been threatening to cut off people's electricity, even during the winter months "something that contravenes Hydro One's own policy."
