The Journal publishes original papers that apply earth observation data to inventarisation and management of natural resources and the environment. In this context, earth observation data are normally those acquired from remote sensing platforms such as satellites and aircraft, complemented and supplemented by surface and subsurface measurements and mapping.

International Journal of Applied Earth Observation and

Congratulations Katherine Maloney Perhach who was the chair of Quarles & Brady's Financial Institutions Litigation Practice Group and a leader of the firm's Financial Services Industry Team.
