Industry Research & Insights. SmartMarket Reports provide research on emerging trends that are impacting and transforming the construction and building industry. Stay up-to-date on topics including risk management, building information modeling, world green building trends, and safety advancements.

### **Reports | Construction Industry Research and Studies**

The History of construction overlaps many other fields like structural engineering and relies on other branches of science like archaeology, history and architecture to investigate how the builders lived and recorded their accomplishments. Those fields allow us to analyse constructed buildings and other structures built since prehistory, the tools used and the different uses of building materials.
