Plot. During a rainy day, Mr. Bean and Teddy venture into the attic to look for an umbrella. While looking for one, Bean uncovers lots of items that make him remember his past adventures, like the time Bean had to dress up himself on the way to the dentist, the time he fell asleep in church, when he had a Christmas turkey stuck on his head and even the time a tank crushed his Mini.

When the information capacity of a storage system or a communication channel is presented in bits or bits per second, this often refers to binary digits, which is a computer hardware capacity to store binary data (0 or 1, up or down, current or not, etc.). Information capacity of a storage system is only an upper bound to the quantity of information stored therein.
